DESCRIPTIVE LIST

BARON MUNCHAUSEN (Zimmer) 1937

Large Exhibition. Attractive Scarlet with slight marking of Rose in the throat. Tall strong grower with eight to twelve florets of enormous size open at once. Blooms in about eighty-five days. This variety sets seed easy and carries the enormous size to its offspring; therefore very valuable for hybridizing. Price for any size bulb \$25.00. No bulblets for sale until next season.

We are offering \$10.00 in cash for the best spike of Baron Munchausen exhibited at any 1938 Gladiolus Show in the United States or Canada.

Just want to let you know that Baron Munchausen is to my mind the best red Glad in existence. It is all you claim for it.
